PHILADELPHIA DOWN 5%

Census: County population down 2%

By **SCOTT HAWKINS**
scott@neshobademocrat.com

Neshoba County's population declined by 2% over the past decade while the city of Philadelphia's population declined by 5%, according to recently released U.S. Census data.

Neshoba County's population was 29,692 after the 2010

U.S. Census and is now at 29,087, a drop of 605 people or 2% of the county's total population.

Of those 605 people who left Neshoba County in the past decade, 359 were from inside the Philadelphia city limits, which had a population of 7,477 after the 2010 U.S. Census and now has a population 7,118, a 5% drop in popu-

lation, according to U.S. Census figures.

Philadelphia Mayor James A. Young said he believes the city's population may have been undercounted during last year's census.

"This one, the 2020 census, was taken under duress," Young said, alluding to the COVID-19 pandemic. "I think we are undercounted by a

small amount."

Nonetheless, Young said the results could affect redrawing of Congressional district lines and the amount of federal grant money allocated to the city and county.

Young acknowledged that it would only be speculation at this point as to how much the county's 2% population decrease or the city's 5% pop-

ulation decrease would affect Congressional lines or federal allocations but said he believes the state's congressional delegation will make sure Neshoba County and Philadelphia are taken care of.

Despite the decrease in the population, Young said he sees hope.

"I guess in these times, in a community of our size, being

able to hold almost steady is a sign of stability and room to grow," Young said, adding leaders need to take the opportunity to make the city more appealing "for people to come and live and start a business. The stability of the community, of the city, in these last 10 years is a strength."

He said city and county See **CENSUS**, page 2A

Billboard hip hop star Topher at Booker T

By **SCOTT HAWKINS**
scott@neshobademocrat.com

Conservative and nationally-known hip hop artist Christopher "Topher" Townsend will perform Saturday at the Booker T. Washington field.

Townsend, who lives in Philadelphia with his wife and two children, is being hosted by the Neshoba County Teenage Republicans in the free concert that starts at 5 p.m.

Organizers said the goal is to do something for the community while spreading a message of conservative values as vocalized by the artist Topher, a 30-year-old U.S. Air Force veteran.

Ty Martin, chairman of the Neshoba County Teenage Republicans and vice chairman of the Mississippi Teenage Republicans, said many people who vote for Democrats may be more in line with conservative principals than they real-

ize.

"One of the big points we are going to hit on is that when you go to the ballot box in November or whenever, you don't vote ... for somebody's race, you vote for their principals," Martin said. "We are going to try to make that at the forefront."

Martin, an 11th-grader at Neshoba Central High School, said the Philadelphia High School football team will be on site selling concessions at Saturday's show to raise money for uniforms and equipment.

"We also want to do something good for the community and raise some money for the local football team and get these kids in Westside something to do to keep them off the streets," Martin said. "We are really just trying to make it a big community event while also pushing the subtle line of conservatism without making it too much where nobody will attend."

Conservative principals Martin said, to him, include traditionalism, fiscal responsibility, small government.

"Stuff that people around here embrace, even if they are Democrats," Martin said. "We are pro-gun, anti-abortion, we are anti-same-sex marriage. That is the stuff that the party is built on."

Martin said he believes those values cross racial and demographic barriers in many communities but many people are brought up to vote along racial and economic lines.

Townsend, originally from Kilmichael, moved to Philadelphia with his wife, Alicia, a Philadelphia native, and their two children about a year and a half ago, and he is now a conservative, independent No. 1 Billboard Hip-Hop digital sales artist.

MORE TESTING

COVID-19 cases down from prior week's total

By **SCOTT HAWKINS**
scott@neshobademocrat.com

Neshoba County has recorded 426 new COVID-19 cases and one new death in the past week, according to the Mississippi State Department of Health's Tuesday, Aug. 17 report.

Drive-thru COVID-19 testing at Neshoba General began on Aug. 4 after the Neshoba County Fair and has resulted in over 600 positive cases.

About 80,000 to 100,000 people attend the Neshoba County Fair annually. The county's population is about 30,000.

A month ago, the county's total cases included 1.7% of new cases. Three weeks ago, new cases rose to 4%. Last week, new cases represented nearly 10% and this week it dropped down to nearly 8%.

The increase in positive cases has here coincided with a surge in COVID-19 cases nationwide that health leaders say was due to the delta variant of the virus.

Neshoba General has conducted 2,573 drive-thru tests between Aug. 4 and Aug. 16 and of those tests 673 came back positive, according to Director of Marketing and Public Relations Annette Watkins.

Check Neshoba General's Facebook page or call (601) 663-1221 for up-to-date information on scheduling a screening.

A total of 5,475 cases of COVID-19 and 183 deaths have been reported in Neshoba County since the pandemic began in March 2020.

Philadelphia Mayor James Young said he is watching the COVID-19 numbers rise but has not yet instituted any COVID-198 orders or recommendations as of Tuesday morning regarding See **COVID**, page 2A

WEYERHAEUSER

Robertson succeeds Webb as plant manager

By **STEVE SWOGETINSKY**
steve@neshobademocrat.com

Weyerhaeuser has a new plant manager and the company's commitment to the community has not changed.

Kris Robertson, a 22-year employee at the plant, became plant manager in July after longtime manager Stan Webb retired. In his time with the company, Robertson has worked all over the plant in leadership roles and knows it well.

He has also been a part of the Relay For Life golf tournament which raises money for the American Cancer Society. The tournament has evolved from the Weyerhaeuser fundraiser for Relay to becoming the community's major American Cancer Society

fundraiser. The golf tournament is known as "Fore A Cure."

"The golf tournament is something we are proud of," Robertson said. "Over the years, we have turned it into a real partnership with all of the businesses here in the community. It is something that our team here is passionate about. Cancer has touched everyone's life in some way. It is a way we can give back to the community and help in that fight."

This year's golf tournament is scheduled for Sept. 30 at the Dancing Rabbit Golf Course. It's a three-person scramble and organizers are signing up sponsors and participants.

Robertson has lived in Neshoba County all of his life. He graduated from Neshoba

Central in 1996. He served two years on active duty in the Mississippi Air Guard. He then attended East Central Community College where he graduated in 1999 with a degree in automation and controls.

"When I graduated, I found my way to Weyerhaeuser and have been here ever since," Robertson said. "I started as an electrician. I did that for seven years, and then moved into my first leadership position. Since then, I have worked all over the plant."

Robertson said his goal in his new position is to keep the success going.

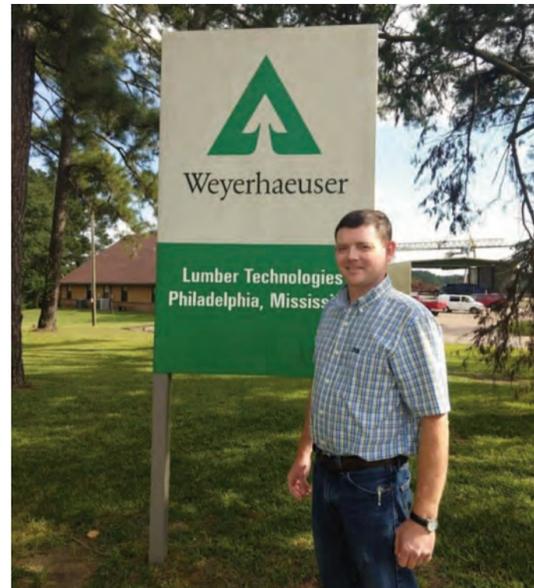

"It has been a good success story here over the years," Robertson said. "When you look at what the company has invested in the mill here and

our commitment to the community, it is a good success story."

In his spare time, Robertson likes to fish and enjoy the outdoors.

"I have a 50-acre place," he said. "I love to garden and ride motorcycles."

The Weyerhaeuser operation employs approximately 165 associates. Weyerhaeuser has owned timberland and managed forests in Mississippi since the late 1950s. This pine sawmill facility has been in operation since the late 1950s. Weyerhaeuser began its ownership and operation of the Philadelphia operation when the facility was purchased from DeWeese Lumber in 1967.

Kris Robertson became the new plant manager for Weyerhaeuser last month.

the rising numbers.

"Our numbers have been extremely high," Young said. "I'm seeing probably 65% of people in businesses have their masks on."

He said most people seem to be taking the threat of COVID-19 seriously but he is dismayed by some who do not.

"Words can't describe what is going on in my head as to how we respond to this pan-

demie," Young said. "The needless loss."

The Mississippi Band of Choctaw Indians has reported 129 new positive cases of COVID-19 and no new deaths in the past week as of Aug. 16, with the total number of positive cases for the Tribe standing at 2,172 with 114 deaths since the pandemic began in March 2020. Ten new hospitalizations have been reported. As of Tuesday, 22% of

Neshoba County's population is fully vaccinated, according to MSDH, and 27% of the county's population had received one of the 14,081 total doses of COVID-19 vaccines administered in the county.

Vaccinations are being administered at Walgreens at 1002 W. Beacon Street and Walmart at 1005 W. Beacon Street, according to MSDH. Go to vaccines.gov/search/ to

find vaccines near you.

Statewide, since the pandemic began in March 2020, 235,226 confirmed COVID-19 cases have been recorded by the MSDH along with 157,083 probable cases, totaling 392,309 cases. There have been 5,419 confirmed COVID-19 deaths, along with 2,461 probable deaths, totaling 7,880 deaths.

leaders should study up on why people left.

"Leaders must be alert to all these things. Why are they leaving?" Young said, speculating that some people may

have had to move out of the area to find jobs that matched their education or skill levels. "We need to do a little investigating to find out why people might be leaving and mitigate

that. We have to do a little digging, the business climate in Neshoba is probably one of the best in Central Mississippi."

Young said the community

needs to find a way to convince other businesses and industries to consider locating to Philadelphia and Neshoba County.

METH: A DEADLY DRUG

Methamphetamine is a stimulant drug that is destroying our community. Methamphetamine, also known as meth, is a powerful, highly addictive stimulant that affects the central nervous system. Meth takes the form of white, orderless, bitter-tasting crystalline powder that easily dissolves in water or alcohol. People typically use meth by smoking, snorting or injecting. Meth is man-made from pseudo-ephedrine and other toxic ingredients such as lithium, brake fluid and lye. Meth addiction is so powerful because this drug quickly increases levels of dopamine, a chemical in the brain that produces feelings of pleasure. This makes a person want to use meth again and again to achieve the same rush, which eventually leads to addiction.

Even taking small amounts of meth, or just trying it once, can cause harmful health effects, including:

- Rapid or irregular breathing
- Bizarre, erratic, aggressive, irritable, or violent behavior
- Increased blood pressure and body temperature
- Faster breathing
- Loss of appetite, disturbed sleep patterns, or nausea

Chronic meth use leads to many damaging, long-term health effects (even when users stop taking meth), including:

- Paranoia, hallucinations, mood disturbances, delusions, or violent behavior (psychotic symptoms can sometimes last for months or years after quitting meth)
- Anxiety, confusion, or insomnia
- Permanent damage to the heart and brain
- High blood pressure leading to heart attacks, strokes, and death
- Liver, kidney, and lung damage
- Intense itching, causing skin sores from scratching
- Severe dental problems ("meth mouth")

What can you do if a loved one is using meth?

- Do some research about addiction and meth to have a better understanding
- Be ready to listen, and do not be judgmental
- It is not wise to confront the individual when they are high
- When a person refuses help or services, voice your concern but respect the person's decision
- Self-care is very important when caring for others

The Fat Cat Report

Who is the highest-paid public official in Mississippi? The Governor, you might imagine? No. The Lieutenant Governor or House Speaker? Not even close.

Despite being elected to the highest state-wide offices, none of these senior officials rank among the top paid public officials in our state.

Instead the accolade of highest-paid official in Mississippi goes to the State Superintendent for Public Education on a cool \$300,000 a year. That eye-watering salary makes the State Superintendent not only the most highly paid official in Mississippi but one of the most highly paid State Superintendents for Education in the country — despite presiding over some of the worst education outcomes in America.

Published last week, the Mississippi Fat Cat Report (<https://mspolicy.org/wp-content/uploads/2021/08/Fat-Cat-Report-2021-Final.pdf>) shows that despite being one of the poorest states in America, we manage to have some of the highest-paid public officials in the country.

What is so striking about our report is the extent to which it is dominated by education bureaucrats, with almost half (24) of the top fifty highest salaries paid to School Board District Superintendents. The average salary for a School Board Superintendent on our list was \$175,000 a year — more even than the Chief Justice of the State Supreme Court (\$174,000).

Our report suggests there needs to be more effective democratic oversight of public officials' pay.

To be clear, not everyone that features on our list is a fat cat. Plenty of officials do demanding jobs that benefit the public. But what our report does suggest is that merely throwing public money at officials does not mean they are worth it. Nor does it necessarily make for better public services.

Take, for example, the School Superintendent for Madison County. They might happen to be the fifth highest paid School Superintendent in the state, but they run a school district with over 13,000 students, and they presided over an A rated school system. Looked at that way, the cost of the Madison School Superintendent turned out to be a mere \$14 per student per year.

Moms and dads in Madison might have every reason to believe that they get good value for money, but I am less confident the same can be said elsewhere.

The School Superintendent of Corinth district was paid \$210,000 despite running a B rated district with a merely 2,700 students. F-rated Holmes Country School District, with a little over 3,000 students, managed to find \$170,000 to pay their Superintendent, far more than some A rated School Districts paid their Superintendents.

For as long as anyone can remember, we have been told that poor education outcomes in certain parts of Mississippi were a consequence of underfunding. Our report demonstrates that this is not true. The fundamental problem, which accounts for poor standards and soaring salaries, is a lack of public accountability.

In the run up to state elections politicians like to talk about tax cuts. After the votes are counted, we are often told the time just isn't right for them. So how come officials always seem to be able to find the money to pay senior salaries?

Our report suggests that there needs to be more effective democratic oversight of officials. Perhaps the state legislature should hold confirmation hearings to approve any state officials receiving salaries over and above what the Governor gets? Maybe parents should have the power to veto pay increases for school superintendents above a certain level?

Excessive pay for top public officials suggests that politics in Mississippi is run by a series of cozy cartels. Too many school districts seem to lack meaningful accountability. Too many state officials answer to other officials, rather than to the people that pay their salaries. This needs to change if taxpayers are going to get the public services they need.

Diversity China fears

How have our deepening racial and ethnic divisions strengthened us?

The first returns from the delayed census of 2020 are in, and they have made for celebratory headlines in the mainstream media.

Big takeaway: Between 2010 and 2021, the white American population declined in real and relative terms, with more deaths than live births, as the white share of the U.S. population fell from 63% to under 58%.

As The Washington Post reported, between 1990 and 2020:

Black Americans held at roughly 12% of the population. Hispanics doubled their share from 9% to almost 19%, and Asians went from less than 3% to more than 6%.

And white Americans? In those three decades, whites fell from three-fourths of the U.S. population to less than three-fifths.

Bottom line: Racially and ethnically, we are becoming an ever more diverse nation, which is causing general rejoicing among those who hold it as an article of faith that, "Our diversity is our strength."

But is that cliché true? Where is the scientific, historical or empirical evidence for the proposition that the greater the religious, racial, tribal and ethnic diversity of a nation, the stronger it becomes?

To put it mildly, this is not a universally held belief.

Our great rival China, for example, obviously fears such diversity.

The ideology of China is communism, and rival belief systems such as Christianity and the Falun Gong are repressed, as are the democrats of Hong Kong. Conformity, not diversity, is the desired condition.

As for racial and ethnic diversity, Tibetans and Uyghurs are subjected to methods of forced assimilation that are regarded, and rightly so, as crimes against humanity and cultural and ethnic genocide.

But while China's methods of suppressing diversity are often criminal, Beijing's fears are not unjustified.

In Xinjiang, there are Uyghurs who seek to secede and establish a new nation of

East Turkestan. Also, China saw up close what ethnic and tribal diversity did to its neighbor the Soviet Union.

Three decades ago, the USSR splintered along ethnic-national lines into 15 nations. Since then, Moscow has fought two wars to keep Chechnya from breaking free, battled Georgia to prevent its re-annexation of the ethnic enclaves of Abkhazia and South Ossetia, and assisted a Russified minority in the Donbas in its drive to secede from Ukraine.

Last year, Azerbaijan, a former Soviet republic, attacked and amputated the former Soviet republic of Armenia.

In Africa, tribal diversity has pulled Ethiopia apart again, with the Eritreans having seceded in 1993, and Tigray forces seeking to secede now.

Among the more diverse nations in the Middle East is Lebanon. Arab and Druze, Christian and Muslim, Sunni and Shia — its diversity has proven a factor in its disintegration and descent toward the status of a failed state.

But back to the USA.

Is America a stronger, better, more united nation and people than we were under Presidents Dwight Eisenhower and John F. Kennedy, when 90% of the U.S. population was of European descent, almost all spoke English, and African Americans were the largest and indeed virtually the only major minority?

How have our deepening racial and ethnic divisions strengthened us?

Consider the causes and issues that have been tearing us apart for the last year: George Floyd, Black Lives Matter, Defund the Police, Portland, critical race theory, white privilege, systemic racism, "The 1619 Project," Robert E. Lee statues, voter suppression, Jim Crow 2.0, anti-Asian hate crimes.

Crossing our southern bor-

der today, in an invasion almost unresisted by the Biden administration, are migrants coming not only from Latin America but from Africa, the Middle East and Asia.

Undeniably, these migrants, entering illegally in July at the rate of 220,000 that month, add to our racial and ethnic diversity.

But do their numbers and presence here add to our strength? Does their presence help make us a more perfect union?

The more diverse we have become, it seems, the less united we have become, even about public manifestations of patriotism — the American flag, the national anthem, the pledge of alliance. Nor do our history, holidays and heroes unite us as once they did.

But if 2 million migrants from all over the world, the anticipated number in President Joe Biden's first year, are good for America, why not open the floodgates and bring in still more?

Is Europe made stronger and better as it is made more diverse from the migration from Africa and the Arab and Islamic world from across the Med?

From the visceral recoil of Europe's peoples, the opposite seems true.

Greece, Italy and Spain use whatever means they can devise to prevent the peoples of the global South from coming northward into Europe.

Indeed, it is hard to find a country where religious, racial and ethnic diversity contribute more to its strength and unity than they do to the forces of division, separation and secession. Which is one reason why the U.N. General Assembly that began with 51 nations now has 193.

Racial, ethnic, tribal, ideological and cultural diversity are history's wedges of national division, separation and secession, as we are discovering.

Biden's man-made disasters

Biden arrived in office with the Southern border secure and Afghanistan in a state of fragile equilibrium.

President Biden arrived in office with the Southern border secure and Afghanistan in a state of fragile equilibrium.

Eight months later, the border continues to be deluged with migrants overwhelming our capacity to properly house and process them, and we are evacuating our personnel from Hamid Karzai International Airport in Kabul overrun by desperate Afghans fleeing the Taliban.

The crisis at the border and the stunningly swift defeat in Afghanistan are entirely on Biden. He took sustainable situations and overturned them out of ideological fixity and fantastical wishful thinking.

The outcomes were utterly predictable. Indeed, anyone who knew anything about the border or Afghanistan warned what would happen.

The debacles haven't been the product of forces beyond Biden's control; events didn't take a hand, he did. These are man-made disasters.

Throw on top the crime wave in U.S. cities that is a product of the left's enthusiasm for fashionable anti-cop sentiments, and the picture is of a party that is unable to maintain order or rationally calculate the downside consequences of its rhetoric and policies.

One hallmark of the Biden approach has been laughably false assurances. He maintained at a press conference in March that there was nothing unusual going on at the border, when the historic surge had already begun. Only last month, he confidently predicted that there'd be no dramatic rooftop evacua-

tions from Kabul, when a rapid collapse of the government was always a distinct possibility.

Then, there are the ineffectual warnings. Biden officials have repeatedly told migrants to stop coming to the U.S. border, when they have every incentive to continue to do so, and his representatives tsk-tsked the Taliban about sweeping to power by force — something that they have fought to do for 20 years — because it would supposedly harm the group's international image.

And, finally, the rank blame-shifting. Biden's team has outlandishly tried to argue that President Donald Trump somehow created the conditions for the border spinning out of control, when the truth is that Trump, after false starts, figured out how to get a handle on it. Biden points the finger at Trump, too, on Afghanistan.

Here, he has more of a case — the so-called peace deal that Trump cut with the Taliban was a travesty that undercut the Afghan government. But nothing forced Biden, who has happily reversed field on most Trump policies, to abide by an agreement that the Taliban violated from the outset or to execute a withdrawal that kneecapped the Afghan army in the midst of fighting season and a gathering Taliban offensive.

He was the one whose exit denied the Afghan army the U.S. air support and logistics it had always depended on, who left without securing a nearby base in the region, who didn't care enough about Afghan allies who had risked their lives for us to ensure that they could get out of the country, who sent a message of abandonment that was a blow to Afghan morale from the top all the way down.

It's a particularly galling Biden rhetorical move to use the catastrophic failure of the Afghan forces that he helped bring about to insist that his decision to leave was the only responsible one. He's gone from claiming we could safely leave because the Afghan security forces would do just fine on their own, to arguing we had no choice but to get out because they couldn't manage without us.

Both at the border and in Afghanistan, Biden merely had to keep in place what he inherited to sustain success or at least avoid disaster. On the border, Trump's pandemic-era controls and his agreements with Mexico and Central American countries were sensible and tested. Afghanistan was more difficult, but with some determination and finesse, Biden could have maintained the minimal U.S. commitment that had forestalled a Taliban takeover for years.

Instead, in both cases, he quite literally chose chaos.

OBITUARIES

DAWN MOSLEY MARS

Mars remembered for family, service

Mrs. Dawn Mosley Mars passed away Friday, August 13, 2021, at the Neshoba County Nursing Home with her daughter, Dawn Lea, by her side. She was 85 years old.

Unfortunately, due to a current rise in Covid cases, no visitation will be held. We wish we could gather with all those who loved Dawn so much, but know that we have been comforted by the calls, texts, and cards expressing the many ways she touched everyone's lives. Thank you.

A private family memorial service will be held at 10:00 a.m., Tuesday, August 17, 2021, from the family home with Rev. Ryan McGough officiating. Interment will follow at Mars Hill United Methodist Cemetery.

Dawn was born on January, 29, 1936, to Juanita Elizabeth Watkins Mosley and Samuel Dewey Mosley in Neshoba County, Mississippi. She was raised in and near her grandparents' home in the Dixon Community, surrounded by her mother's large, loving family until moving to Philadelphia where her mother, Juanita, ran The Sanders' House boarding home. Dawn worked there herself during her lunch breaks at Philadelphia High School. After graduating high school in 1953, she attended Mississippi College for Women in Columbus and then returned to Philadelphia and worked at the gas company.

She married her "one and only love," William Montgomery "Mont" Mars, in February of 1957, and they moved to Germany where Mont was stationed while serving in the U.S. Army. After living in Germany briefly, they returned to Philadelphia and started their family. From 1962 to 1964, they lived in Oxford, where Mont attended the University of Mississippi School of Law. They then returned to Philadelphia to raise their family at "The Big House," the Mars' ancestral home on Holland Avenue.

Dawn was a member of First United Methodist Church, the Daughters of the American Revolution, and of multiple civic and social groups. She received the Philadelphia Sertoma Club's "Service to Mankind" award in 1984. She worked with Weems Mental Health as a drug & alcohol counselor for several years and also served on their Board of Commissioners, representing Neshoba County, for twenty-three years. She retired in 2000.

The jobs she took most seriously were wife, mother, and homemaker, and she excelled at all. She was gracious and welcoming and a second mother to many, which is no surprise since her house was full of children, grandchildren, great-grandchildren, and their friends most of the time! She was a wonderful cook and hostess and loved for her family to gather on Sunday afternoons and holidays at The Big House and later at the farm, where she and Mont built a home, Cherry Level Place, in the early 90s.

Dawn's interests were traveling with Mont, playing the piano, sketching, gardening, reading, and baking pound cakes. She collected stamps, coins, and butterflies. She was an excellent bridge player and loved those times with her dear friends. She also enjoyed watching her children and grandchildren play sports or other activities they pursued.

She was a stickler for good manners, yet got a kick out of irreverence. She was a disciplinarian, yet always ready to do something fun. She loved a good practical joke but had only one joke she could tell, and she told it regularly.

She was a hard worker and hated to sit down. She was sweet and kind, with an empathetic and compassionate heart. She was a servant to others and an encouragement to all. She loved to acknowledge people with a birthday card or newspaper clipping, celebrating their accomplishments.

She loved all kinds of animals—ducks, geese, cows, horses, dogs, cats, hummingbirds, even possums!—and fed them regularly.

She loved old hymns, classic country, classical music, and Elvis, and enjoyed watching westerns and football games. She loved the American flag and proudly displayed it in and around her home.

She is survived by her children, James Montgomery Mars II, Daniel Fenton Mars (Sherry), and

Dawn Lea Mars Chalmers (Jeremy); grandchildren, Adam Mars, Jessica Long Pickering (Blake), William Mars (Carol Marie), Mary Lea Mars Burkhalter (Cole), Sam Mars (Jillian), Sarah Mars, Hadley Chalmers, Fent Mars, Abe Mars, and Charlie Chalmers; great-grandchildren, Mary Montgomery Mars, Maddox Mars, Jax Mars, Alex Mars, Jackson Pickering, Mary Mosley Pickering, Bailey Pilgrim, Caroline Mars, Will Mars, Della Burkhalter, Rowan Burkhalter, Landry Burkhalter, and Griffin Mars; daughters-in-law, Cheryl Newell Mars and Ginny Griffin Mars, as well as a host of nieces and nephews and their families.

She was preceded in death by her sweetheart of over sixty years, Mont Mars, whom she missed and loved to her very last days; her daughter, Miriam Mars; daughter-in-law, Kim Mars; granddaughter-in-law, Casey Mars; and brothers, Wayland, Joaquin, and James (Keta) Mosley.

In lieu of flowers, the family requests memorials be made to Palmer Home for Children, PO Box 746, Columbus, MS 39703; Friends of Children's Hospital, c/o Leslie Owens, 3900 Lakeland Drive, Suite 205, Flowood, MS 39232 in honor of her great-granddaughter, Mary Mosley Pickering; or a charity of your choice.

The family would like to thank Quality Hospice Care and the Neshoba County Nursing Home staff—especially Dawn's granddaughter, Jessica Long Pickering—for the excellent care she received.

Thomas McCarver Rayburn

A memorial mass for Thomas McCarver Rayburn will begin at 11 a.m. on Thursday, Aug. 19, 2021, at St. Patrick Catholic Church in Meridian with Father Matthew Simmons officiating. The family will receive friends beginning at 10 a.m.

Interment rites will begin at 1 p.m. on Friday, Aug. 20, 2021, at St. Peter's Cemetery in Oxford with Father Joe Tonos officiating.

Robert Barham Family Funeral Home of Meridian is in charge of arrangements.

Rayburn, 43, passed away on Friday, Aug. 13, 2021, at his home in Hattiesburg.

Carver was born on June 6, 1978, in Oxford where he began his infinite and deep love for Ole Miss. He moved to Meridian in 1993 at the beginning of his freshman year and graduated from Meridian High School in 1997.

His love for people fostered many relationships, which led him to serve as president of the Delta Chi chapter of Phi Kappa fraternity in high school. He was also chosen as a little brother for the Dusty Social Service Club. Carver was a parishioner at St. Patrick Catholic Church where he was a member of the Knights of Columbus.

Carver returned to Oxford where he received a bachelor of arts degree in journalism and public relations from the University of Mississippi.

While at Ole Miss, Carver served as president, vice president and philanthropy chairman of the Mississippi Gamma chapter of Sigma Alpha Epsilon fraternity.

He loved and embraced every minute of his college experience attending most Ole Miss sporting events with a true passion for Ole Miss football and The Grove.

Coming from a family with a long musical pedigree, Carver was no different. A talented guitarist and bass guitarist from an early age, he formed his own rock-n-roll bands and played many shows. He eventually landed a job at the famed Hoka Theatre in Oxford booking touring bands and entertaining audiences.

Carver was a gifted journalist who excelled as a writer, advertising director, editor and publisher. He served as editor and publisher of The Clarke County Tribune in Quitman (Emmerich Newspapers) and later associate publisher of The Neshoba Democrat in Philadelphia (Prince Media Group).

He wrote for many publications over the years including The Local Voice (Oxford), Southeastern Football Saturdays (Vicksburg), The New Albany Gazette, Rebel Yell Magazine (New Albany), The Meridian Star, the Hattiesburg American and Offbeat Magazine (New Orleans).

Carver was also employed in public relations for Ole Miss Sports Information, working with ESPN, CBS, Fox Sports South, and Jefferson Pilot.

"Carver was a valuable part of the Mississippi Press Association family," said James E. Prince III, a past president of the 155-year-old trade organization and his former employer at Prince Media Group. "He had a keen mind, a quick wit and could hone in on the truth. He knew right from wrong and didn't shy away from encouraging his boss to speak truth to power. Carver could turn out award-winning sports stories with one hand tied behind his back blindfolded."

Active in Alcoholics Anonymous, Carver established and facilitated AA meetings for the Forrest County Jail and local homeless shelters in the Hattiesburg area. He was also instrumental in creating virtual AA meetings during the COVID pandemic.

Former Gov. Haley R. Barbour was a friend of Rayburn's now late father Tommy from their law school days at Ole Miss and had come to know Carver well. The former governor was aware of Carver's struggle with addiction and was an encouragement to him. Barbour said to a friend once, "Carver's brilliant when he's sober."

At the time of his passing, Carver was working for the New South Restaurant Group at The Midtown in Hattiesburg where he admired his boss Robert St. John and loved getting to know his many customers. Days before his death, Carver was helping to craft a digital marketing campaign for the restaurant group.

Carver was preceded in death by his father, Samuel Thomas Rayburn of Oxford, and grandparents, Mr. and Mrs. Aron Haywood Hooker of West Point and Mr. and Mrs. Harry Newton Rayburn, Sr. of Grenada.

He is survived by his son, Thomas Hartfield Rayburn of Hattiesburg; parents Elizabeth and Charles Herron of Meridian; stepmother Paige Bruce Smith of Oxford; brothers Andrew Newton Rayburn (Nature) of Oxford; Shelby Hooker Rayburn of Birmingham; Suzanne Herron Helveston (Campbell) of Oxford; EA Montgomery (John) of Birmingham; Samuel Taylor Rayburn (Mary Banks) and sister Samantha Paige Rayburn all of Oxford; nieces and nephews Alexandria Rayburn, Patton and Collins Helveston, John, MacLaine, Julianne, and Olen Montgomery along with many aunts, uncles, and cousins.

Memorial gifts may be sent to The William Magee Center for Wellness Education c/o The University of Mississippi Foundation, 406 University Avenue, Oxford, MS, 38655, or the charity of the donor's choice.

Monday crash claims 2 lives

By **DUNCAN DENT**
duncan@neshobademocrat.com

Two Newton County residents were killed and another seriously injured in a head-on collision Monday afternoon on Highway 15 south near Linwood.

"The crash is currently under investigation by the Mississippi Highway Patrol," spokesman Jameka Moore said.

On Monday, Aug. 16, at approximately 12:33 p.m., MHP responded to a fatal crash on Highway 15 in Neshoba County near County Road 436, Moore said.

A 2011 Jeep Laredo driven by Oree Carmichael, 21, of Newton was traveling north on Mississippi 15. Carmichael also had a passenger in the

Jeep Laredo, Christopher Mulford, 23, of Chunky.

Meanwhile, a 2005 GMC driven by Howard Westberry II, 22, of Conehatta was traveling south on the same roadway.

Both vehicles made contact causing the Jeep Laredo to run off the roadway to the east side of the highway and the GMC ran off the roadway to the west side of Mississippi 15, according to reports from MHP.

Moore said that Carmichael received fatal injuries from the crash and was pronounced dead on scene and Mulford was pronounced dead later at Neshoba General.

Westberry was airlifted from the scene with serious injuries, he said.

Tribe celebrates Nanih Waiya Day

The Mississippi Band of Choctaw Indians hosted the annual Nanih Waiya Day Celebration at the Ceremonial Mound last Thursday. This annual celebration commemorates the return of the Mother Mound to the Choctaw People. Tribal Chief Cyrus Ben, right, was the featured speaker and encouraged everyone to remain strong and work together in unity to pro-

tect each other during the pandemic. Then Chief Ben, members of the Tribal Council, and Tribal military veterans presented community, Tribal, State of Mississippi and the United States flags. Following the presentation, a silent prayer began and Chief Ben closed with a prayer.

Supes approve new hires

By **STEVE SWOGETINSKY**
duncan@neshobademocrat.com

Supervisors approved two personnel matters at their Monday meeting.

Tyler Mathis was hired to work at the Neshoba County Detention Center. They also accepted the resignation of Wesley Hazelwood as Youth Drug Court coordinator in the Chancery Court.

Supervisors authorized a \$75 reimbursement to James Sid Whitehead in the road department, and advertised for a used chipper.

Supervisors listened to a

request from the Linwood Volunteer Fire Department for a repair in their parking lot.

Supervisors approved the county employee payroll ending Aug. 9, and totaling \$169,116. They approved the elected employee payroll ending Aug. 15 and totaling \$49,321.

Supervisors approved the claims docket and okayed two travel requests.

They voted to recognize Sept. 6 as the Labor Day holiday for county employees.

County property taxes expected to remain the same

By **STEVE SWOGETINSKY**
duncan@neshobademocrat.com

County leaders expect property taxes to remain the same for the next fiscal year.

The Neshoba County supervisors adopted a proposed \$19 million county budget for Fiscal Year 2022 during their Monday meeting.

A public hearing will be held on or before Sept. 15 where taxpayers can voice concerns and ask questions about the budget. A final vote will be taken to adopt the budget after the hearing.

Supervisors have budgeted to spend \$19,087,998, an increase of \$3,697,958 in the Fiscal Year. Of that, they propose spending \$8,405,425 for the general fund, a \$369,572 increase when compared to the current fiscal year.

The functions of government are funded in the general fund, and supervisors received \$8,621,575 in requests.

The current general fund millage rate inside the city of Philadelphia is 58.8, and 60.8 outside the city limits. That will not change. The extra 2 mills for county residents are for fire protection. Currently, a general mill produces around \$160,000, depending in which district one lives. It is expected to remain the same for Fiscal Year 2022, which begins Oct. 1.

"The county millage is going to stay the same as last year," said Jeff Mayo, county administrator. "The only variable is going to be the schools' districts rates, which are expected to decrease."

Mayo said the county has received funding requests from the Neshoba and Union school districts. The county is still determining the millage rate that will produce the revenue for the school districts.

"We are going to come up with the final number for the

millage levy to produce the revenue requested for the school districts," Mayo said. "The rates are different per district. We are taking what we had and putting it into the audited budget format. Once we get that accumulated with all of the different types of revenue, we will be able to provide the legal advertisement for the public."

The Neshoba County School District's ad valorem budget request is \$5,620,717. Of that, \$4,418,099 is for the operation and maintenance of the district, and \$920,856 is for debt service. Its current millage rate is 48.6 mills, and that is expected to decrease.

The school's district's share in funding the Philadelphia-Neshoba Vocational Technical Center is \$281,761.

The Union Public School District is requesting \$456,793. That includes \$444,188 for the operation

and maintenance of the district and \$12,605 for debt service. The current millage is set at 54.8 and a millage decrease is expected.

One mill is equal to \$1 per \$1,000 of a property's assessed value.

Neshoba Central opens innovation center

By DEBBIE BURT MYERS
Special to the Democrat

Ribbon was cut last Thursday afternoon officially opening the Neshoba County School District Center for Manufacturing and Innovation as part of the district's vision to "graduate all students college and career ready."

The total investment in the M&I Center was \$327,000, with federal monies funding a large portion of the overall project.

The center is located in the former ROTC facility on the east campus. ROTC is housed in the new high school.

The purpose of the M&I center is two-fold.

The school day purpose is to create a space for students in Engineering I & II, Physics, Agriculture I & II and Digital Media I & II to collaborate on projects they are interested in creating.

Several of their projects were on display Thursday including metal fire pits and metal signs.

Welding and carpentry students will be able to work with these groups on projects as well. Digital Media will use the center to promote and advertise projects created by students.

The goal is for a class to develop an "idea" and utilize all the other classes to bring the idea to fruition. Teamwork is essential in that it is one of the attributes that employers look for in their employees, school officials said.

The second purpose is for after-school Workforce Development training in the areas of welding, sheet metal skills, etc. Skills needed to obtain National Industry Certification is the primary focus of the Workforce Development initiative as well as employment with industries or college placement.

The M&I center is similar to a science lab except it is based on student ideas.

"Our goal from the beginning was to provide innovative opportunities for our students, staff and community to enjoy," Dr. Lundy Brantley, superintendent of education, said prior to the ribbon being cut Thurs-

Dr. Lundy Brantley gives an overview of the new Neshoba County School District Center for Manufacturing and Innovation prior to cutting the ribbon officially opening the new facility.

day.

"This is part of Goal 3 and Goal 5 of the Neshoba County School District's Strategic Plan. By providing first-class facilities for our students, we are showing them that we can compete with anyone in this state and to never settle for second place."

Dr. Brantley said the M&I center is not the end product, "but the beginning of something great!"

He thanked the taxpayers of Neshoba County "for providing this amazing facility for our students as well as the encouragement and interest given toward the project."

Dr. Brantley told those in attendance for the ribbon cutting that "students are of utmost importance to us and we contin-

ually strive to provide opportunities that will help them compete in a global market along with facilities that provide a positive encouraging atmosphere."

Dr. Brantley recognized members of the School Board: President Davis Fulton, Vice President Wyatt Waddell, Secretary Jimmie Joiner, Jill Byars and Michelle Phillips.

He also recognized high school assistant principal Dana McLain, other administrators and the key school personnel who worked on the project along with engineering instructor Sadera Anderson, agriculture instructor Derek Huffman and their students "for all the hard work in remodeling the M&I center."

Also in attendance were Sen.

State Sen. Jenifer Branning and State Rep. Scott Bounds tour the new Neshoba County School District Center for Manufacturing and Innovation last Thursday, speaking with student Ethan Doss.

Jenifer Branning, Rep. Scott Bounds, Community Development Partnership President David Vowell, East Central Community College President Brent Gregory, current state board member and retired Madison County Superintendent Dr. Ronnie McGehee and several other area leaders.

The Neshoba County School District has partnered with East Central Community College's Workforce Development Center to offer afternoon and evening courses in the center in multiple areas of workforce development.

"This partnership will enable current NCSD students to obtain certifications for employment," Dr. Brantley said. "Courses will be offered to the public as well."

The M&I center will have the capacity to adjust to the needs of local industry, Brantley said.

"Local industry will have the opportunity to partner with the Neshoba County School District and ECCC to create skill specific development opportunities for their industry."

Dr. Brantley said the M&I center is another component of the school district to accomplish the vision of "graduating all students college and career ready with courses, certifications and external opportunities beyond a high school diploma."

Redefining Ready!

The Neshoba County School District participates in Redefining Ready! which is a national

initiative to measure college and career readiness. Redefining Ready! more accurately measures 21st Century Skills by measuring industry credentials, dual credit and attendance, among others. The innovation lab will enable students more opportunity to reach their college and career ready goals.

Among possible certifications are:

- NCCER Welding Level 1 (Secondary)
- NCCER Welding Level 2 (Secondary)
- NIMS Machining Level 1 – CNC Milling; Operations
- NIMS Machining Level 1 – CNC Milling; Programming Setup & Operations
- NIMS Machining Level 1 – CNC Turning; Operations
- NIMS Machining Level 1 – CNC Turning; Programming Setup & Operations
- NIMS Machining Level 2 – CNC Milling Skills II
- NIMS Machining Level 2 – CNC Turning Skills II

Equipment

The M&I Lab is furnished with state-of-the-art equipment including:

- Welding Booths (curtains, panels, welding tables)
- Power Mig, multipurpose welder
- AC/DC Water Cooled One Pack, welder
- Intermediate EDU Gear Ready-Pak
- Formlabs-Form 3, 3D Printer

Tribal member working as an ambassador for manufacturer

By STAFF REPORTS
news@neshobademocrat.com

A member of the Mississippi Band of Choctaw Indians is among the five employees selected by Winston Plywood and Veneer selected to represent the company to attract new employees and mentor new hires through their ambassador program.

Shaunery Thompson was among the employees selected. Thompson is a member of the Choctaw Reservation and has recruited several team members since joining the company in 2018.

Bruce Warren, CEO of Winston Plywood said that members of the Winston team who were selected as the initial ambassadors participate in job fairs and community events, share Winston's culture with potential new hires and coach new team members during their employment transition.

"What makes Winston special is our people, many of whom are true leaders in Louisville and its neighboring communities as well as in the mill," Warren said. "We know that to compete and win, we'll need to continue to attract, hire and retain the very best talent possible."

He said that each ambassador has distinguished themselves as mentors and community stewards who share their work experience as a peer

resource for questions, mentorship and camaraderie.

"By creating this new Ambassador Program, we're investing in those who have already taken a leadership role and asking them to help us build an even stronger team in the years to come," Warren said.

Three of the five ambassadors started with the company in 2017. Thompson has the second shortest time with the company with Levon Pickens, who joined the team in May 2021, being the newest.

"In many ways, Winston Plywood is the heartbeat of Louisville, Mississippi, and we take that responsibility very seriously. This Program recognizes those who have made the commitment to help us be great, every day, and to help us find those who want to build their careers as part of our family. We could not have chosen a more amazing group

of people to be our first Ambassadors," said Chasta Rauccio, Vice President of Human Resources.

The Ambassador Program is supported by the company via a new referral bonus program to reward current employees for each new team member they recruit, with more earnings possible based on the longevity of the recruited team members, Rauccio said.

Winston Plywood and Veneer produces and distributes engineered specialty plywood and veneer products for industrial markets and plywood for the building product markets in North America from its "state-of-the-art facility" in Louisville. With more than 375 associates, it is one of the most modern and efficient mills in North America, Warren said.

Cahoon paid for school with her baking

By SARAH KATHRYN WATKINS
news@neshobademocrat.com

Kailey Cahoon is a lifelong resident of Neshoba County and is the daughter of Calvin Johnson and Lesa Howard.

She lives in the Coldwater community with her children Kaibree, Taylor and Dylan Cahoon, who all attend Neshoba Central.

Cahoon loves spending as much time with her children as she can, and the family enjoys doing things together, including going to the movies and participating in other community activities.

"My middle child and I like to be in plays with the Philadelphia Art Council," said Cahoon, who has been a licensed cosme-

tologist for more than 12 years now after earning her cosmetologist license from the Mississippi Academy of Hair Design in Pearl.

"I absolutely love what I do, and it has been such a blessing to have a career where I can express my passion for creativity and my love for people," Cahoon said.

Cahoon paid for cosmetology school in part by baking and decorating cakes.

"My children's precious Nanny Anne Cahoon taught me all about cakes," she said.

Cahoon started out baking as a young adult, but when it comes to cooking, Cahoon really enjoys cooking traditional Southern foods. She also likes to venture out and try new things.

COOK OF THE WEEK

Cahoon's late fiancé, Butch Smith, taught her how to make some of the best cornbread, she said.

With Cahoon being a full-time hairstylist and mother of three she sometimes prefers to do quick and easy recipes and that is why she included the taco ring recipe below, which is a favorite go-to for the Cahoon family.

"I am always looking for new recipes and of course social media is a great place to find new ones," she said.

Cahoon and her children recently returned from a vaca-

tion to Panama City Beach, Florida, where they got to spend time together and the family is also working on getting a new house ready.

TACO RING

- 1 lb ground beef
- 1 package (1 oz.) Old El Paso taco seasoning
- ½ cup water
- 1 cup shredded Cheddar cheese (4 oz)
- 2 can (8 oz) refrigerated Pillsbury Original Crescent Rolls (8 count)
- Shredded lettuce, chopped tomatoes, sliced ripe olives,

taco sauce or salsa, as desired

Heat oven to 375. In 10-inch nonstick skillet, cook beef until no longer pink. Add taco seasoning mix and ½ cup water. Simmer 3 to 4 minutes or until slightly thickened. In medium bowl, mix beef mixture and cheese. Unroll both cans or dough; separate into 16 triangles. On ungreased large cookie sheet, arrange triangles in ring so short sides of triangles form a 5-inch circle in center. Dough will overlap. Dough ring should look like the sun. Spoon beef mix-

ture on the half of each triangle closest to center of ring. Bring each dough triangle up over filling, tucking dough under bottom layer of dough to secure it. Repeat around ring until entire filling is enclosed. Bake 20 to 25 minutes or until dough is golden brown and thoroughly baked. Cool 5 to 10 minutes before cutting into serving slices.

Congratulations to the Newton County Middle and High School Yearbook staff and advisor. The 2021 Cougar was chosen for induction into the Wallsworth Gallery of Excellence. "These yearbooks are the shining stars of scholastic journalism, inspiring thousands with their quality of theme, coverage, design, photography, and copy." The yearbooks in this gallery will be used as examples of excellence for those schools working on yearbooks. The principal, Cody Killen, is so proud of the hard work by the yearbook staff and advisor that has earned this recognition.

Congratulations to Danny and Regina Hicks who celebrated their Golden Wedding Anniversary on August 7. They enjoy being a part of their children and grandchildren's lives and taking part in their activities whenever possible.

The Ole Miss Department of Music welcomed Sofia Euyoque to the University of Mississippi Music as a Music Major Advantage Scholar. She is a clarinetist in the Honors College and is the recipient of the Luckyday Scholarship. Sofia is a graduate of Neshoba Central High School where she was an active participant in school affairs. Congratulations to this talented young adult!

It was a long, tiring, and hot

day recently when the Marshall Prince family returned from Fort Worth, Texas, where they moved their son, Calvin Prince, into his apartment. Calvin has chosen to pursue a graduate degree from the Southwestern Baptist Theological Seminary.

The Southwestern Baptist Theological Seminary is one of the largest in the world. It offers Master of Divinity and Master of Arts degrees and a Doctor of Philosophy degree. The university is fully accredited by the Theological Schools in the United States and Canada, the Southern Association of Colleges and Schools Commission on and the National Association of Schools of Music.

Calvin earned a Bachelor's Degree from Mississippi State University. His parents are Marshall and Jennifer Henson Prince who are beyond proud of him.

During the White Coat Ceremony held on the Jackson campus of the University of Mississippi Medical Center, Bailey McCarver Anderson received her white coat. Bailey graduated with a Bachelor of Science in Nursing, but had always dreamed of becoming a doctor. Her dream is becoming reality.

Bailey's very supportive husband, Austin Anderson, is so proud of her. Her parents are Tommy and Terri Cox McCarver of Brandon. Tom and Shirley Cox are her Philadelphia grandparents.

Congratulations and best wishes!

This is a most unusual story, but is probably closer to normal during these times. Mason Payne graduated from high school during the pandemic with only one half of his class present and one half of his family attending. He started community college during the pandemic and contracted Covid.

He recovered and graduated with an Associate Degree in Business during the pandemic. On Friday, August 13, his mom and dad moved him into his first apartment at Mississippi State University. They moved him in because his grandparents were recovering from Covid. He will pursue a Bachelor's Degree at MSU.

What an amazing story of perseverance and determination in the face of such adversity! Of course this was not the way it was supposed to be, but it is what it is.

This story was told by his mother, Leigh McDaniel. His parents are TW and Leigh McDaniel who are very proud of him. Congratulations and best wishes for a great year.

THE NESHOPA DEMOCRAT

Cook

Continued from page 1B

- 4 tablespoon olive oil, plus more for drizzling
- 8 ounces lean ground beef
- Kosher salt and freshly ground black pepper
- 1 onion, finely diced
- 2 cloves garlic, chopped
- 1 medium zucchini, finely diced
- 4 Roma tomatoes, seeded and finely diced
- Red pepper flakes, as needed
- 1 cup cooked long-grain and wild rice
- 1 ½ cups grated pepper Jack cheese

Preheat the oven to 350 degrees F.

- Cut the tops off the peppers. Remove and discard the stems, then finely chop the tops; set aside. Scoop out the seeds and as much of the membrane as you can. Place the peppers cut-side up in a baking dish just large enough to hold them upright.
- Heat 2 tablespoons of the olive oil in a large skillet over medium-high heat. Add the beef, season with salt and pepper and cook, breaking up the lumps, until the meat is cooked through and just beginning to brown, 8 to 10 minutes. Remove to a paper towel-lined plate to get rid of the fat.
- Wipe out the skillet and add the remaining 2 tablespoons olive oil. Add the onions and chopped peppers and cook until beginning to

soften, 3 to 4 minutes. Add the garlic and zucchini and cook for another minute. Add the tomatoes and season with salt and a pinch or 2 of red pepper flakes. Cook until everything is heated through, then stir in the beef and rice. Taste and adjust the seasoning. Stir in 1 cup of the cheese.

- Fill the peppers with the rice mixture and top each with a sprinkle of the remaining 1/2 cup cheese. Pour a small amount of water into the bottom of the baking dish and drizzle the peppers with a little olive oil. Cover with foil and bake for 30 minutes. Uncover and bake until the peppers are soft, and the cheese is melted and lightly browned, another 15 to 20 minutes.

FRIED PEACH PIES

- 4 cups dried peaches
- 2 cups water
- ½ cup sugar
- 1 sheet of prepared pastry
- Vegetable oil
- Extra sugar for sprinkling pies

Combine peaches and water in a large saucepan and bring to a boil. Cover, reduce heat, and simmer about 30 minutes or until tender. Coll and mash slightly, if necessary. Stir in ½ cup sugar and cinnamon. Set aside. Divide pastry into thirds and roll each portion to ¼ inch thickness on wax paper. Cut into 5 inch circles. Place about 2 tablespoons peaches mixture on half of each pastry circle. Seal pies, by dipping your fingers in water, and moisten edges of pastry circles; fold circle in half, making sure edges are even. Press edges of filled pastry firmly together using a fork dipped in flour. Heat ½ inch of oil to 375 in a large skillet. Fry pies until golden brown on both sides, turning once. Drain well on paper towels. Sprinkle with sugar while warm but not real hot.

Lavender known for its fragrance and its beauty

By FELDER RUSHING
rushingfelder@yahoo.com

Am I the only one whose lavender is still alive after three years, in a climate known for being mean towards all things Mediterranean?

Not that I'm bragging, because I expect every day to walk out and find its gray-green foliage burnt to a crisp, like what usually experienced by ninety-nine out of a hundred gardeners who have tried before me.

Lavenders, native to dry climates, are grown for their fragrant flowers and foliage, require super well-drained, sandy, gritty soil in big pots or raised beds with only moderate watering; too much rain or watering in our heat quickly rots roots and the plants collapse.

Ditto for otherwise-hardy rosemary and even lantana, both which I have steamed to death with mid-day waterings

during summer heat. They, like culinary safe, are overly sensitive to the 1-2-3 punch of too much water, heat, and humidity at the same time.

Another fickle herb is French tarragon, which rarely lives long in Mississippi gardens. Instead, I grow a much hardier Mexican tarragon, actually a clump-forming perennial zinnia sometimes called Mexican mint marigold; its sweet anise fragrance and flavor are similar to real tarragon. It is so tough it grows with zero care on graves in Mexico and Texas, where its clusters of small yellow Autumn flowers prized symbols during Day of the Dead festivities.

All this reminds me of why dogwoods suffer or die when planted in the sun. You know the parable of the Sower of the Seeds? Countless dogwood seeds are dropped every year by birds along fencerows in full sun, but can you remember ever actually seeing one growing

Lavender sprouts up like a tree in this big pot.

wild like that? Nope, because those usually die, leaving only the ones fortunate enough to have sprouted on a slope, in the shade, to survive.

I know, look around and you will see dogwoods planted by gardeners in full sun in flat, clay yards, which give us borderline false hope because of this thing

called "survivorship bias" in which what we see is a false impression of reality; our understanding is based only on those we see succeeding.

I've learned that those dogwoods surviving in full sun were planted in extra-wide holes with lots of mulch, and understand that every one rep-

resents three or four that failed for someone else. We just don't notice the ones that didn't make it.

Survivorship bias goes both ways. I get a lot of queries from folks thinking theirs is the only magnolia/wisteria/dogwood/mato/crape myrtle not blooming. Happens to lots of folks, but we usually only see the ones around town that are blooming, not the ones that are not.

Anyway, this is my fourth try with lavender, mostly because I've been sticking with popular English lavender (not actually from England), which is cold hardy to below zero, but melts in our summer heat and humidity.

Better to try the much more heat- and humidity-tolerant Spanish lavender recommended by MSU's Gary Bachman, a short, wide species with almost goofy rabbit-ear petals atop the fat flower clusters. It is less cold hardy but tolerates humidity

much better.

So far I'm getting away with a large potful of a fairly new hybrid named Phenomenon that was brought to my attention by Steve Bender, the self-named Grumpy Gardener who until recently was Southern Living's gardening guru.

And, in spite of dogged determination towards forcing something to grow unnaturally in Mississippi's climate, I'm resigned for it to die sooner or later.

And when asked how to grow lavender, French tarragon, and fuchsias in Mississippi, or plant dogwoods in the full sun, I'll continue to gently suggest that basically you can't. For long.

Environmental quality incentives help landowners

By JAMES CUMMINS
news@neshobademocrat.com

The United States Department of Agriculture's (USDA) Natural Resource Conservation Service (NRCS) has a vision statement of a world of clean and abundant water, healthy soils, resilient landscapes, and thriving agricultural communities through voluntary conservation.

The NRCS provides agricultural producers and landowners with programs funded within the Farm Bill. Through these Farm Bill programs, NRCS fulfills their motto of "helping people help their land."

Within the Farm Bill is the Environmental Quality Incentives Program (EQIP), which is administered by the NRCS to private landowners and producers. The EQIP provides financial cost-share payments for implementation of conservation practices to eligible producers

and landowners. Applications are currently being accepted for continuous sign-up at your local USDA Service Center.

Although applications are accepted continually, each state has a deadline for both ranking and funding. When your application is submitted will determine which funding period you will be entered in. If you are not sure where your local service center is located, or how you can contact them, please search for USDA NRCS Mississippi.

Once you reach the NRCS Mississippi webpage click the tab "contact us," select local service centers, and select the county in which your property or farm is located.

Any farmer, producer, or landowner is eligible for assistance through the EQIP. These producers can be row crop producers, specialty and/or organic producers, livestock producers, or landowners interested in

wildlife and/or forestry. Producers interested in the EQIP must also have farm records established with the Farm Services Agency (FSA). Also, new in the 2018 Farm Bill, historically underserved producers can receive both increased and advanced payments in aid of implementing these conserva-

tion practices to their operation. Historically underserved producers include farmers and producers that are beginning, limited resource, socially disadvantaged, and/or military veterans.

Over 200 various practices are available to producers and landowners through the EQIP to meet national resource con-

cerns such as sedimentation and soil erosion, water quality, air quality, soil health, livestock production and efficiency, and wildlife habitat. The NRCS provides financial and technical assistance to landowners and producers with the initiative to implement these conservation practices. Staff from the NRCS

will work with producers one-on-one to develop a conservation plan based on the producer's goals, needs, and vision for their property, as well as help with the implementation of the practice selected by the landowner. The goal of these plans is to incorporate practices that will both benefit the environment and boost productivity and efficiency of agricultural and/or forestry production systems.

If you are interested in the EQIP for your property or have any questions about the EQIP, please contact your local USDA office.

Philadelphia Country Club hosts annual Four-Ball tournament

By STEVE SWOGETINSKY
steve@neshobademocrat.com

Lance Strickland and Billy McWilliams of Meridian captured the annual Four-Ball tournament at the Philadelphia County Club Sunday afternoon.

The two-day event drew 55 teams. Strickland and McWilliams shot 63 on the first day. They were in a three-way tie in the Championship Flight with the teams of Bo Welch and Robert Ammon, and Scott Miller and Jordan Smith.

Strickland and McWilliams shot a 65 the second day while Welch and Ammon and Miller and Smith both shot 67 and were tied for second and third.

"We had a good weekend," Strickland said. "We played bogey-free. There were some back-and-forth moments but we hung in there."

Strickland and McWilliams play out of the Briarwood Country Club. They play together regularly on Fridays at Briarwood, but this was the first tournament they entered as partners.

"I played this tournament with Willie Frazier last year," Strickland said. "We finished tied with Bo and Robert last year and lost on a playoff hole. So, this was kind of a rematch this year."

"I have a lot of respect for Bo and Robert and there is no give-up in them. I have played the Philadelphia tournament about four years and this was the first time we were able to pull it off."

Allen Johnson and Ryan McKay finished with a two-day total of 133 to win the first flight. Chad Stokes and Joe Rush came in second at 135 while Bob Jordan and Scott Watkins came in third at 136.

Derek Cleveland and Tobey Cleveland shot 135 to win the Second Flight with Mike Lewis and Griffin Burk finishing second at 141. Trent Myers and Zach McDonald placed third at 143.

The Third Flight was close with Garrett Lyles and Matt Langford placing first at 141. Garrett Threadgill and Tyler Threadgill came in second at 142 with Jim Eakes and David Hayman placing third at 143.

Jason Fulton and Creed Fulton won the Fourth Flight with a two-day total of 148. Ben Bourland and Scott Ray finished tied with Bill Rosamond and Robert Tolbert for second and third with both teams shooting 149.

Here are the final results of the annual Philadelphia Country Club Four-Ball tournament which was held Saturday and Sunday.

Rebels ranked No. 25 in new poll

By DALE MCKEE
sports@neshobademocrat.com

Ole Miss was ranked 25th in the preseason USA Today Sports Coaches Poll that was released early last week.

The SEC led all the conferences with six teams in the Top 25 as Alabama was No. 1, followed by Georgia at No. 5, Texas A&M at No. 6, Florida at No. 11, LSU at No. 13 and Ole Miss.

The Rebels announced last week that all the football players, coaches and football staff members were fully vaccinated for COVID-19.

Other interesting college news is of the reports surfaced last Friday that the Big Ten, ACC and Pac-12 were considering an alliance that would include scheduling games against each other and voting together on issues involving the College Football Playoffs.

The New Orleans Saints played their first pre-season game and fell, 17-14, to the Baltimore Ravens as the Saints turned the ball over six times. The Saints quarterback competition to replace Drew Brees will be interesting the next month as Tyson Hill and Jameis Winston will probably be in a neck and neck battle until the Saints' home opener against Green Bay on Sept. 11. Hill started the game, completing 8-of-12 for 81 and one interception. The Saints did not score during his playing time. Winston was 7-of-12 for 96 yards, a TD and an interception. Rookie Ian Book played the second half for the Saints. Next Monday the Saints will host the Jacksonville Jaguars. The Jaguars also have a quarterback battle as this year's No. 1 draft choice in Clemson's Trevor Lawrence is battling Brandon native Gardner Minshew for the starting job.

High school football is back. The private schools (MAIS) kicked off this past week in a shortened slate of games and will be full throttle this week. The MHSAA will host jamboree games later in the week before starting the regular season the following weekend.

In private school results from last week, visiting Class 3-A champion Greenville Christian surprised two-time state 6-A champion Madison Ridgeland by defeating them, 58-32.

Rickey Neaves, executive director of the MHSAA, said last week that his association will not permit schools learning virtually to take part in sports, speech and debate, cheerleading or any other MHSAA-sanctioned activity. Games not played as scheduled will count as forfeits and will not be made up this year.

Anderson's Walk-off Ends Field of Dream Game

Major League Baseball played their first professional baseball game in the state of Iowa this past week. The game was played next to the filming site of the 1989 movie Field of Dreams starring Kevin Costner, Ray Liotta and James Earl Jones. In a Hollywood-type finish, former East Central Community College baseball star Tim Anderson smacked a two-run homer with one out in the ninth inning in leading the Chicago White Sox over the New York Yankees, 9-8. MLB reported it was the most-watched regular-season game since 2005. Anderson also doubled earlier in the game while former Ole Miss pitcher Lance Lynn was the White Sox starting pitcher. MLB is planning on playing this game annually. Over 7,200 fans were allowed to attend the game, and they paid up to \$1,000 a ticket for the pleasure of watching history.

Another Bulldog heading to the "Show"

Windsor, Ontario, is only just a hop and a skip from Detroit's Comerica Park for Canadian-born and former Mississippi State Bulldog Jacob Robson. The former Bulldog was called up to the Detroit Tigers last Thursday and saw action immediately.

Senior Spotlight: Clay looks forward to upcoming season

By STEVE SWOGETINSKY
steve@neshobademocrat.com

Union quarterback Kenyon Clay has a lot to look forward to as he enters his senior year.

Not only is he playing his final season at Union High School. He will be graduating in December and will be enrolling at Southern Miss in January so he can go through spring training with the Golden Eagles.

"I am looking forward to that but right now, I am trying to take it slow," Clay said. "I am focusing on finishing well at Union and then taking the next step by going on to Southern Miss."

Clay has a 3.9 grade point average at Union. When he enters USM, he has already taken English Comp 1 and Comp 2, College Algebra and

College Trig. He said that will help him get started with his first year of college.

Clay said when he first visited Southern Miss, he liked what he saw.

"They showed a lot of love to me," Clay said. "Especially Coach Will Hall, because he gave me the offer. That was special to me because the head coach gave me the offer and wanted me there. I went for a fun day with the other recruits to get to know them and make us closer. I decided this was best for me."

He will be joining the Golden Eagles as a running back. He is also considering his major.

"At first, it was mechanical engineering but they don't have mechanical engineering," Clay said. "We are looking at the other engineering programs right now."

Union's Kenyon Clay runs for more yardage during a game last year.

Clay likes to stay busy. He also played baseball and basketball at Union. When he's not focused on his classes or sports, he works at Piggly Wiggly in

Union.

"I have been working there since 2019," Clay said. "It's a little hard to work and play football but I get it done."

He lists as his favorites:

- Favorite movie: "Friday";
- Favorite dinner: Between hamburgers and shrimp Alfredo;
- Favorite class: Math and science courses; and,
- Favorite video game: Modern Warfare.

He also enjoys fishing, especially bass fishing.

"I'll go bream fishing but I love bass fishing," Clay said. "I caught a 6.6 pound bass one time. I caught him at one of my friends' dad's ponds. I have several places to fish."

Head coach Jordan Wren has nothing but praise for Clay.

"Kenyon is the best all-around football player I have ever coached," Wren said. "He is definitely the beat to the drum for our team. He's an athlete who plays quarterback and he's very effective at it. Last

year, he threw 18 touchdown passes and was responsible for 47 touchdowns. He is a phenomenal leader. He's vocal when he needs to be vocal. He doesn't need to say a whole lot.

"Last year, he also played basketball and baseball. His teachers love him. I don't think he has made a B since his sophomore year," Wren said.

Union went 10-3 last year, and Clay believes they will have another good season.

"I feel we will be more of a running team," Clay said. "We will still throw the ball but we are going to pound the run."

"The district has changed. But we are still playing Scott Central and Newton County. We also have Leake Academy and Choctaw County and those are going to be tough teams. That will help us get ready for our region games."

Lady Rebels win 5-out-of-6 games on the softball diamond

By ROBBIE ROBERTSON
sports@neshobademocrat.com

After blowing an eight-run lead on Monday and losing in extra innings to Marshall on Monday, the Leake Academy softball team won five straight games to finish the week.

Leake Academy bounced back from an 11-10 loss and hammered Winston 17-0 on Tuesday. They then went to Marshall on Thursday and took a 2-1 over the Lady Patriots. On Saturday, Leake played in the Tri-County Academy Tournament and took three wins, beating Clinton Christian 3-1, Hartfield 10-1 and Magnolia Heights 8-3.

Leake Academy improved to 8-2 on the season. This week, they host Simpson on Tuesday in a district contest. Leake Acad-

emy will then travel to Cleveland and play in the Bayou Tournament Saturday.

Marshall 11 Lady Rebels 10

The Lady Patriots scored eight runs in the top of the sixth and won it in the eighth in an extra-inning contest on Monday.

Leake outhit Marshall 20-16 in the contest. Emeri Warren was 4-for-4 with two doubles, a triple, three runs scored and two RBIs. Rockets take on Germantown in scrimmage football game

By STEVE SWOGETINSKY
steve@neshobademocrat.com

The Neshoba Central Rockets will receive an early test Friday when they take on German-

town in a scrimmage game.

The varsity will play a half and the junior varsity will play a half. The action starts at 7 p.m.

Germantown is led by senior running back Branson Robin-

son, a 5-11, 220 pounder who has committed to play for the Georgia Bulldogs.

"Robinson is a big back," said Rockets coach Patrick Schoolar. "He's committed to

Georgia so he should be OK. It will give our defense a chance to tune up because the next week, we are playing South Panola and they have a Dandy Dozen running back."

Even though this is a scrimmage game that won't count on their record, Schoolar said the Rockets are treating it like a regular game.

"If you get ahead of yourself and don't play well this week, it can continue on," Schoolar said. "It is going to be a full game, two quarters of varsity and two quarters of junior varsity. We take them one week at a time,

and this week it is Germantown and after this week we will focus on South Panola and so on."

The Rockets have been working on running, conditioning and weight lifting throughout the summer. Last Monday, they started with the official fall training program. They put the shoulder pads first the first time since spring training last Thursday. The main challenge has been the hot summer days.

"We are trying to beat the heat and beat that mental wall," Schoolar said. "It's hard to get through that. We had a pretty good week of practice. We really

weren't playing for anything last week. Next week, it should be better. It always helps when you are looking to play for something.

"We had some really good things and bad things happen last week. We just have to iron things out and keep getting better. That, and try to avoid COVID-19. That's the nature of the beast. We have to find some way to co-exist with this thing."

The Rockets open their schedule at home Aug. 27 against South Panola.

Rebels play in Tri-County Jamboree

By ROBBIE ROBERTSON
sports@neshobademocrat.com

The Leake Academy Rebels got their last dress rehearsal as they prepare for the season opener this week.

The Rebels participated in the Tri-County Academy jamboree this past week and took on Copiah Academy and Pillow Academy.

The Rebels tied Copiah 0-0 and then beat Pillow 13-7 in the second contest.

"The jamboree went well," Coach Brian Pickens said. "Any pregame scrimmage, you are going in like it's a dress rehears-

al. It's the closest thing you are going to get to a game so you like to get your first game jitters out of the way. You get to see personnel go on and off the field and work those things out. That's why they are important."

The Rebels, who bring back 18 starters from last year's undefeated state championship squad, weren't perfect on the day, fumbling twice in the Copiah game. But other than those two miscues, Pickens said he was pleased with what he saw.

"We saw some good things on offense," Pickens said. "The offensive line did some good things executing. We had a big

pass and the run game was good. And of course, there are always things to work on early in the season."

The Rebels did give up one touchdown in the game but were playing without two starting linebackers in the game.

"Defensively, I thought they did an excellent job," Pickens said. "We had some injuries at linebacker and had some guys step up and make some plays. The defensive line and the secondary did a good job of coming up and stopping the run and defending the pass. We had some guys play who filled in."

Neshoba volleyball team improves to 5-0

The Neshoba Central volleyball team picked up four victories last week to improve their record to 5-0.

The Lady Rockets opened the week with a 25-7, 25-14, 25-22 win over Union. They then defeated Northeast Lauderdale

25-17, 25-22, 25-17.

Neshoba Central picked up two victories in the Union tournament on Saturday. They defeated Pearl 25-10, 20-25, 15-10. In the second game, Neshoba Central defeated Clarkdale, 25-23, 25-16.

Neshoba Central has three games scheduled this week. They were to play Clarkdale on Tuesday, host Choctaw County on Thursday and host West Lauderdale on Friday.
